

PANDIT'S  
THE ORCHIDS PUBLIC SCHOOL  
& PU COLLEGE

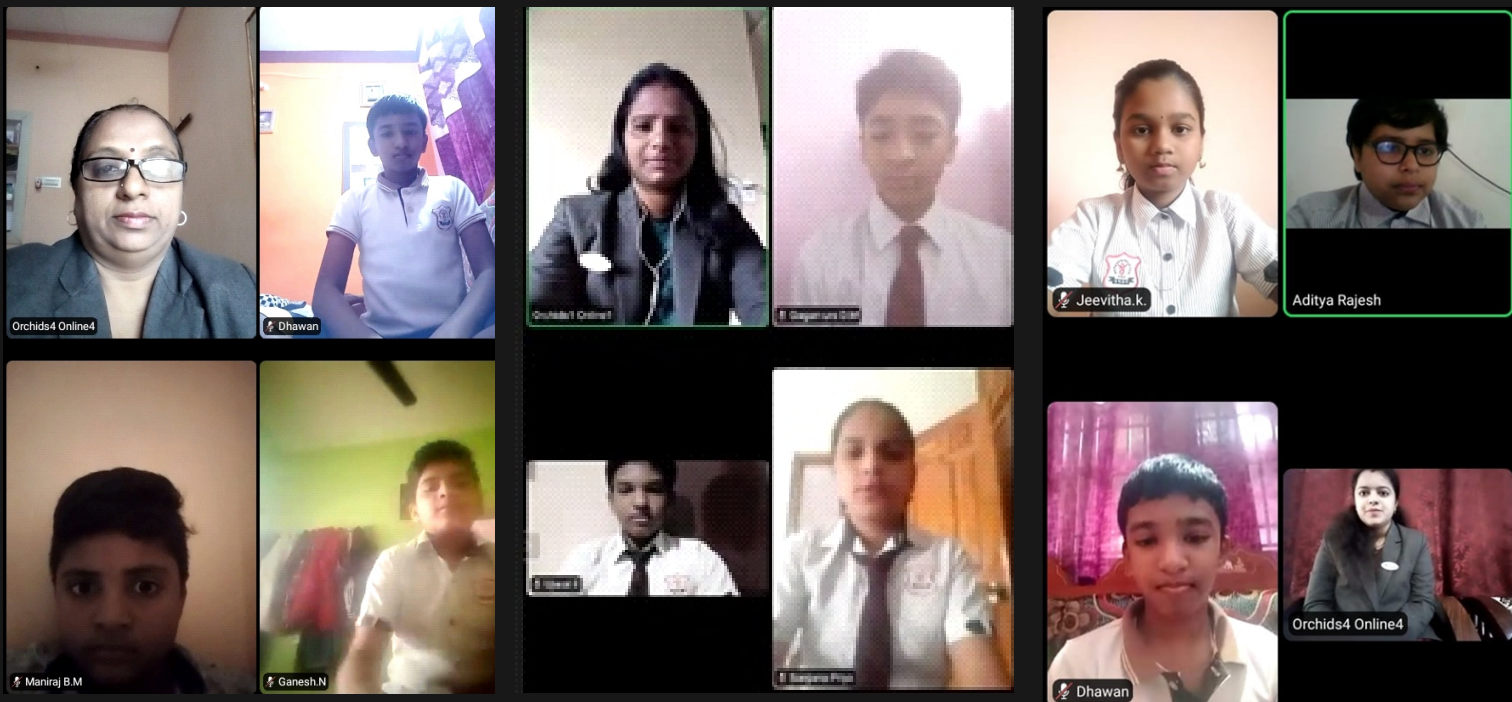

# VIBHA

4th Edition for the month of July

***Welcome to the new academic year  
with new hopes...***

**New aspirations..  
New learning..  
To explore new horizons!**

**Adapting to the new norm.  
Learning is always fun and enriching.**

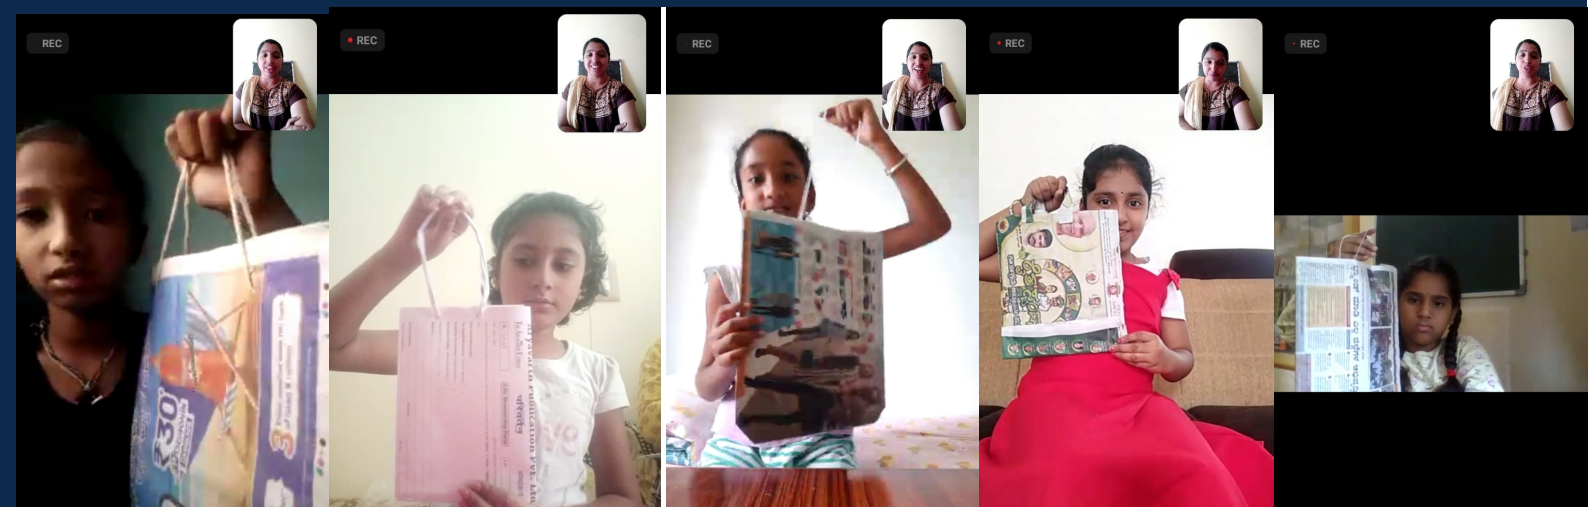

## Activities

Online classes have not stopped the learning activities.

The School has come up with great ideas to conduct activities effectively involving the students in different ways.

## Stop using plastic bags

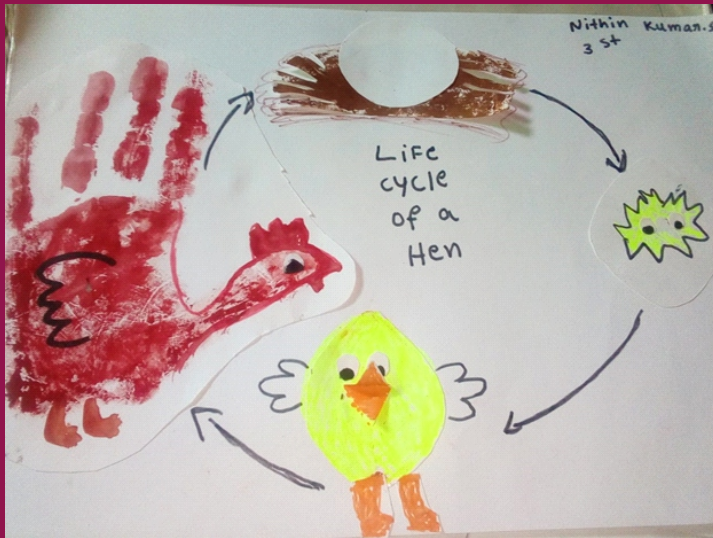

The kids learnt to make paper bags and said, "Dear parents, Let's say NO to plastic".

The school appreciates Mrs. Shilpashree.N for taking the initiative during her online class.

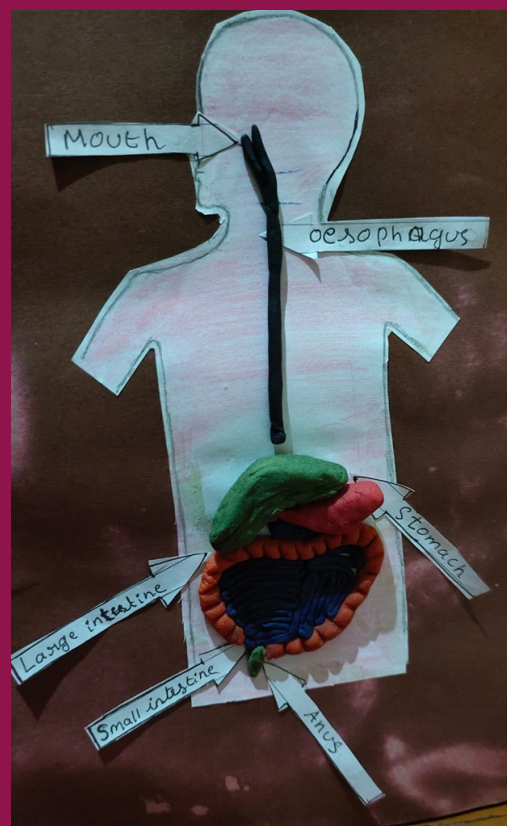

# Science Activity for a better understanding

## Life cycle of Hen

## Where there is a will there's a way!

The children are not in the biology lab. But they have learnt about the digestive system by preparing the models at home.

Great efforts by the subject teacher.  
Mrs. Bhuvana (Science Faculty)

# Bridge course for 1st PU students - Learning & Fun

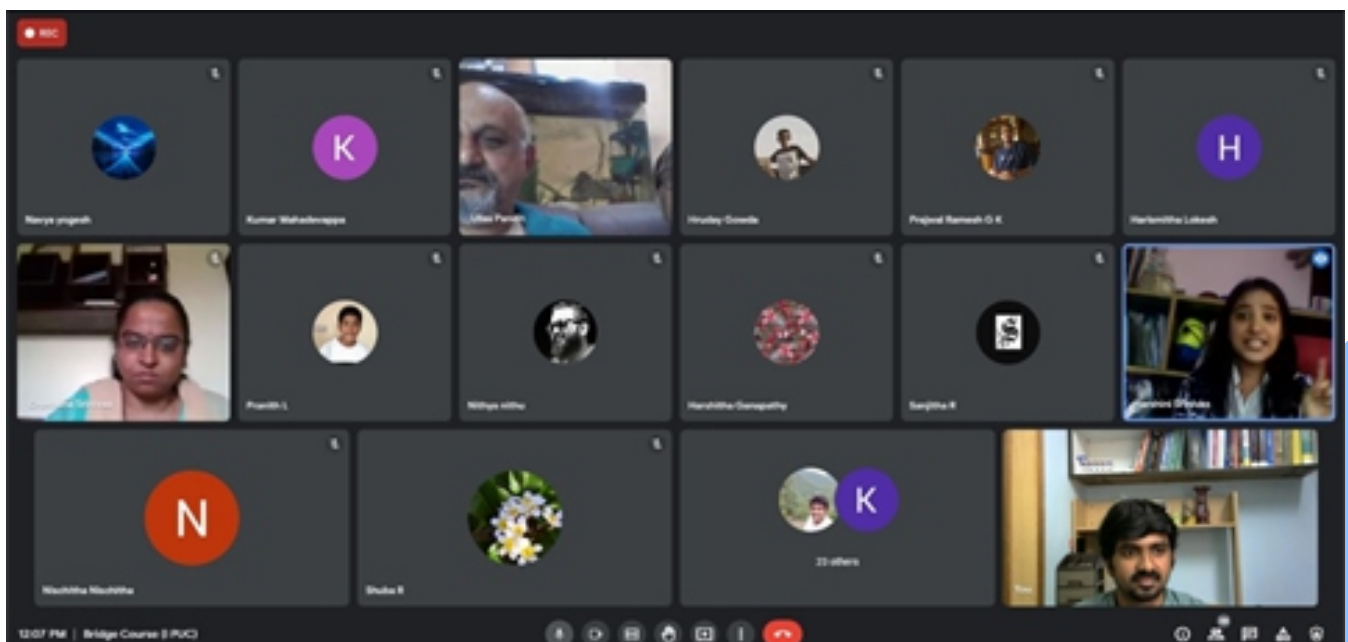

Activities, Workshops, Educative talks ensure student development. It enables students to enhance their skills, knowledge and understanding of the various areas of importance. It can increase their motivation to learn.

A plethora of activities awaited the First PU students giving them an opportunity to think about, talk about, acquire knowledge, skills and values.

## Alumni Talk

The Orchids Alumni Association interacted with the newcomers on various challenges that they will be facing in their Pre University Journey.

The students shared their experience at The Orchids, to make the newcomers feel comfortable in the new environment and start their learning confidently.

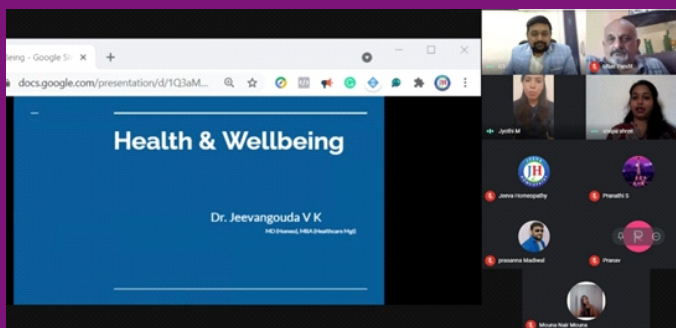

## Doctor's Talk

'Health and well being leads to productive learning'.

'Doctor's Talk was arranged as a part of Bridge Course to help the students focus on their Health and Fitness.'

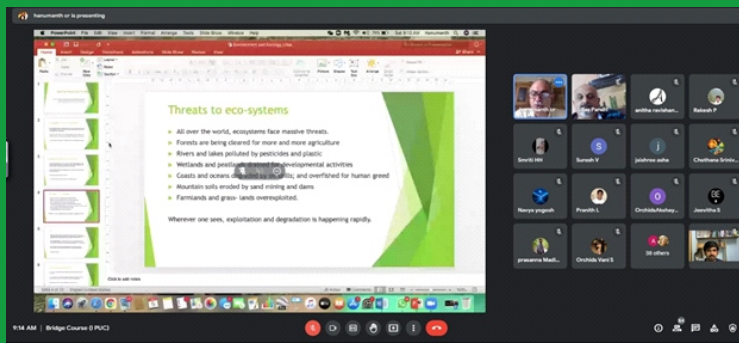

**Dr. Jeevangouda V K**  
Educated the students on  
how to boost their  
immunity.

**Dr. Anil. S. Bilimale, Chief MPH**  
Coordinator, JSS Medical College,  
Mysuru.  
Gave an awareness on Covid-19.

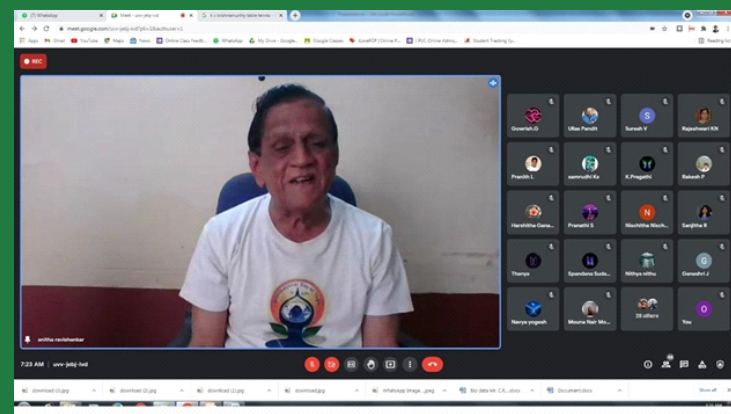

## Environmental Talk by **Rtn. CR. Hanumantu** (DRC Cinemas)

The young generation can bring about a positive change in the society and make our planet a beautiful place to live in for us and also the future generations.

## Yoga and Mudra Science by **Mr. K V Krishnamurthy**

Ancient Indian Science focuses on health and well being. The entire world today is looking up to Indian medical and fitness sciences. Students were introduced to Pranayama and Mudra Science for them to appreciate and respect the traditional ways of curing various ailments.

## Talent hour

The young generation is a treasure of talent.  
Talent hour helped identify the amazing talent in the newcomers.

## Activities Galore for the 1st PU Students

1. Games: Breaking the monotony with games. Games were conducted to the students online for some fun, entertainment and learning.
2. Online Quizzes: Quizzes to help students practise existing knowledge while stimulating interest in learning about new subject matter.
3. Physics word puzzle: To familiarise the students with the terms used in physics.
4. Kannada riddles and mind game: To keep the mind active and engaged.

# Competitions held in the month of June to mark **World Environment Day**

Competitions have challenged the children to set goals and identify their potential. The students have a pandora box full of innovative ideas. It just needs to be kindled
